Coprime

Write a program to check if the two given input numbers are coprime.

Input

Two space seperated integers a,b.

Output

Print "YES" if the numbers are coprime otherwise "NO"

Contraints

1 <= a,b <= 1e16

Sample Input 1

5   11

Sample Output 1

YES

Sample Input 2

5   10

Sample Output 2

NO
